

Obol

Agent reads.
Creator gets paid.
Arc verifies the transfer.

Machine reading is missing a payment primitive.

Agents need per-use pricing that does not interrupt autonomy — and spend records humans can audit.

COARSE

Subscriptions bundle access when agents need per-use pricing.

MANUAL

Checkout interrupts autonomous workflows.

OPAQUE

Spend cannot explain what was bought — or why.

One query. One budget. Four accountable actions.

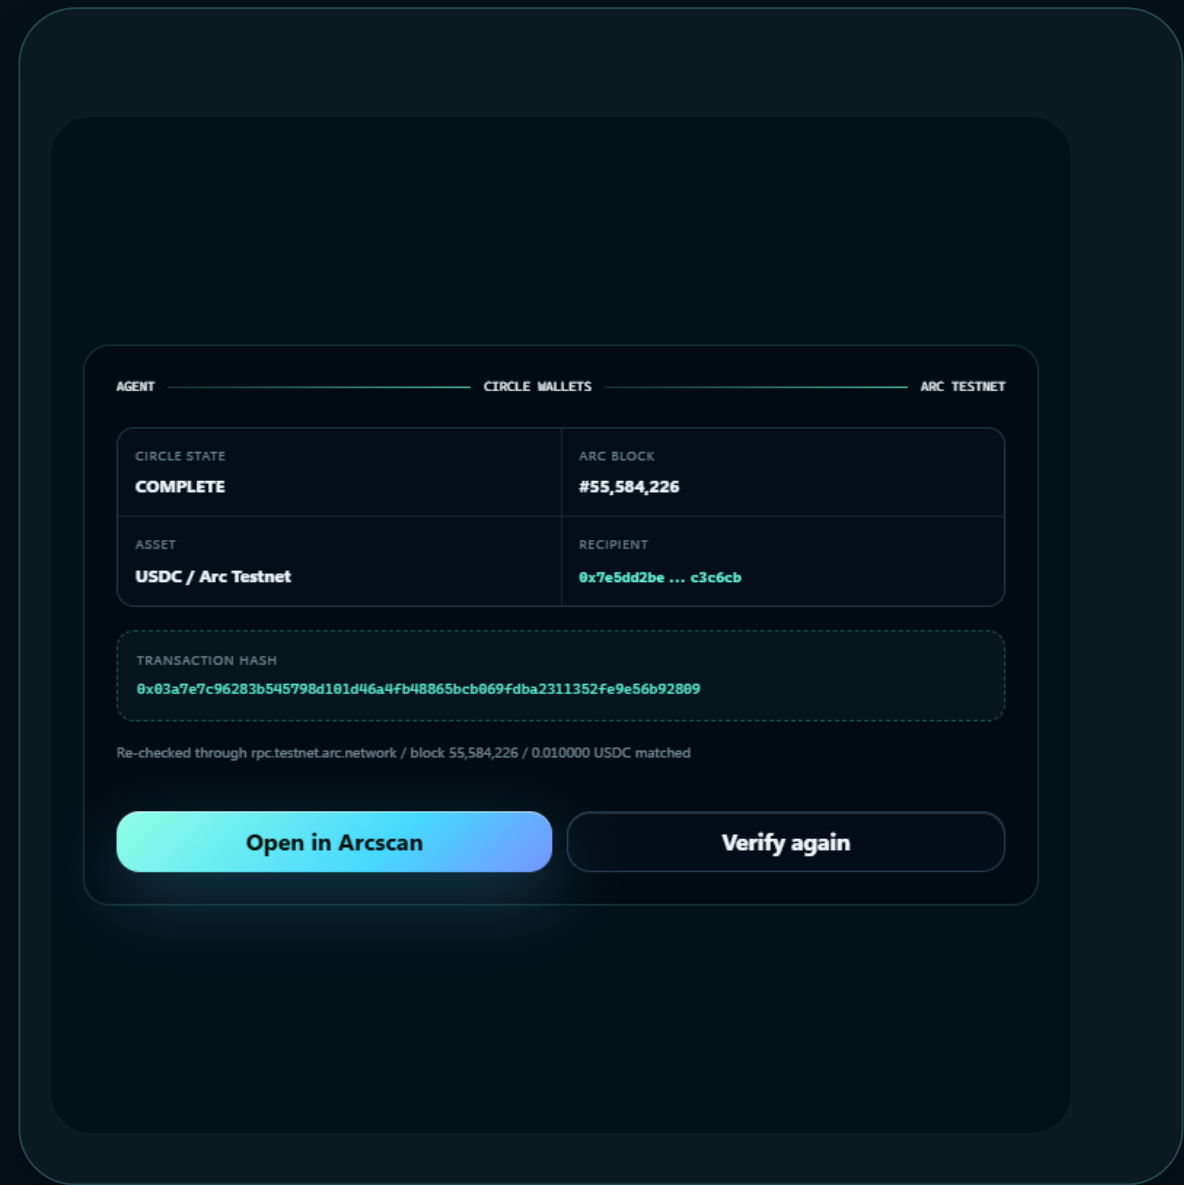

BUY useful evidence within policy.

REUSE prior access. **SKIP** weak or redundant sources.

STOP when coverage is sufficient — or a spending guard fires.

Answers use only purchased or previously authorized content.

PUBLIC JUDGE DEMO · FORCED MOCK

Money is part of the reasoning loop.

01 · SCORE

Rank relevance per dollar.

Detect redundancy and prior access before buying.

02 · GUARD

Enforce the budget policy.

Reserve · price cap · relevance floor
· purchase limit · coverage target.

03 · SETTLE + EXPLAIN

Move USDC only after approval.

Record the rule, rationale, receipt, and balances before and after.

One cent moved. Four cents stayed under policy.

06 AUG 2026 · SEPARATE ARC TESTNET EVALUATION

Circle COMPLETE · Arc receipt successful · block 55,584,226

Two RPC receipts matched · [0x03a7...b92809](#)

No public-demo activity, production revenue, or organic usage.

ARC TESTNET · RECEIPT VERIFIED

COVERAGE

An existing MVP, substantially extended for Arc.

EXISTING PROJECT · SUBSTANTIAL NEW ARC ITERATION
46 / 46 backend tests passing · frontend JavaScript
syntax validated

INHERITED

- Web MVP
- Buy / reuse / skip loop
- Circle + Arc settlement path
- Agent API
- x402-style endpoint

NEW FOR ARC

- Request-scoped spending guards
- Policy snapshots + stop audits
- Fail-closed deployment
- Fresh Arc Testnet evidence
- Server-side Arc verifier

VERIFIED

- Circle Wallets → Arc verifier
- Native API 201
- x402 402 → 200
- Strict receipt match
- 46 backend tests passing

PUBLIC BUILD · VERIFIED EVIDENCE

AGENTIC ECONOMY · SOLO BUILDER

Machine reading becomes accountable.

**A PRICE.
A POLICY.
A RECEIPT.**

Chengzi · Solo builder
